Folding Cartons

Lightweight printed paperboard cartons - the workhorse of retail packaging.

01 / 04

Straight Tuck End

Both closure flaps tuck from the same side for a clean front face

Auto Bottom

Pre-glued panels automatically lock the base into place for fast and convenient assembly.

Lock Bottom

Interlocking bottom flaps create a strong base without requiring adhesive during assembly.

Sleeve Box

A printed sleeve slides over the inner tray to create a simple yet premium packaging style.

Rigid Closure Styles

Premium rigid box styles — the foundation of luxury packaging.

02 / 04

Shoulder Neck Boxes

A layered shoulder and neck structure creates a distinctive, premium rigid box appearance.

Drawer Boxes

The inner tray slides smoothly from the outer sleeve for an elegant unboxing experience.

Magnetic Rigid Boxes

Hidden magnets provide a secure closure with a smooth, luxurious opening experience.

Rigid Lid & Base Boxes

A separate lid and base create a premium, sturdy presentation with easy opening.

Specialty Box Styles

Distinctive specialty box styles — made for standout product presentation.

03 / 04

Tube Boxes

A cylindrical structure provides a sleek, compact form ideal for distinctive product presentation.

Hexagon Boxes

Six-sided construction creates a distinctive shape that makes products stand out.

Window Boxes

A clear window showcases the product while keeping it protected inside the box.

Handle Boxes

Integrated handles make carrying convenient while adding functionality to the packaging design.

Fold & Mailer Styles

Versatile folding box styles — the choice for shipping packaging.

04 / 04

One-Piece Folder Boxes

A single folded sheet forms the box structure with integrated flaps for quick assembly.

Mailer Boxes

Built-in locking flaps secure the box without tape while providing a clean, branded presentation.

Regular Slotted Cartons

Flaps fold over the opening for a simple, reliable closure suited to shipping and storage.

Die-Cut Boxes

Precision-cut panels and locking tabs create a custom shape with a secure, functional closure.
